

HUMANITARIAN ASSISTANCE AND RISK MANAGEMENT

Why Humanitarian Assistance and Risk Management?

Honduras is among the **10 countries with the highest vulnerability index** in terms of an adverse events of natural origin. As a humanitarian aid organization, in World Vision, **we are prepared to respond to emergencies that may arise in the country.**

We are part of the Country Humanitarian Team, which allows us to work in partnership with the cooperation sector, the government, and other actors to expand our reach and enables us to **provide an immediate response to emergency situations.**

IMPACT IN CA4
